CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q (“Quarterly Report”) contains statements reflecting assumptions, expectations, projections, intentions or beliefs about future events that are intended as “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements included in this Quarterly Report, other than statements of historical fact, that address activities, events or developments that we expect, believe or anticipate will or may occur in the future are forward-looking statements. These statements appear in a number of places, including, but not limited to “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” These statements represent our reasonable judgment of the future based on various factors and using numerous assumptions and are subject to known and unknown risks, uncertainties and other factors that could cause our actual results and financial position to differ materially from those contemplated by the statements. You can identify these statements by the fact that they do not relate strictly to historical or current facts, and use words such as “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “may,” “should,” “plan,” “project” and other words of similar meaning. In particular, these include, but are not limited to, statements relating to the following:

- our expected financial and business performance;
- changes in our strategy, future operations, financial position, estimated revenues and losses, forecasts, projected costs, prospects and plans;
- the implementation, market acceptance and success of our products;
- demand for our products and the drivers of that demand;
- our estimated total addressable market and other industry projections, and our projected market share;
- competition in our industry, the advantages of our products and technology over competing products and technology existing in the market, and competitive factors including with respect to technological capabilities, cost and scalability;
- our ability to scale in a cost-effective manner and maintain and expand our manufacturing relationships;
- our ability to enter into production supply agreements with customers, the terms of those agreements, and customers’ utilization of our products and technology;
- our expected reliance on our significant customers;
- developments and projections relating to our competitors and industry, including with respect to investment in 5G networks;
- our expectation that we will incur substantial expenses and continuing losses for the foreseeable future and that we will incur increased expenses as a public company;
- the impact of health epidemics, including the COVID-19 pandemic, on our business and industry and the actions we may take in response thereto;
- our expectations regarding our ability to obtain and maintain intellectual property protection and not infringe on the rights of others;
- expectations regarding the time during which we will be an emerging growth company as defined in Section 2(a)(19) of the Securities Act of 1933, as amended (the “Securities Act”), as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”);
- our future capital requirements and sources and uses of cash;

- our ability to obtain funding for our operations;
- our business, expansion plans and opportunities;
- anticipated financial performance, including gross margin, and the expectation that our future results of operations will fluctuate on a quarterly basis for the foreseeable future;
- expected capital expenditures, cost of revenue and other future expenses, and the sources of funds to satisfy our liquidity needs; and
- the outcome of any known and unknown litigation and regulatory proceedings.

These forward-looking statements are based on information available as of the date of this Quarterly Report and current expectations, forecasts and assumptions, and involve a number of judgments, risks and uncertainties. Accordingly, forward-looking statements should not be relied upon as representing our views as of any subsequent date, and we do not undertake any obligation to update forward-looking statements to reflect events or circumstances after the date they were made, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

You should not place undue reliance on these forward-looking statements. As a result of a number of known and unknown risks and uncertainties, our actual results or performance may be materially different from those expressed or implied by these forward-looking statements. Some factors that could cause actual results to differ include:

- the ability to maintain the listing of our securities on the NYSE American or any other exchange;
- the price of our securities may be volatile due to a variety of factors, including changes in the industries in which we operate, variations in performance across competitors, changes in laws and regulations affecting our business and changes in our capital structure;
- the risk of downturns and the possibility of rapid change in the highly competitive industry in which we operate;
- our substantial indebtedness and our ability to secure additional liquidity;
- the risk that we and our current and future collaborators are unable to successfully develop and commercialize our products or services, or experience significant delays in doing so;
- the risk that we do not achieve or sustain profitability;
- the risk that we will need to raise additional capital to execute our business plan, which may not be available on acceptable terms or at all;
- the risk that we experience difficulties in managing our growth and expanding operations;
- the risk that third-party suppliers and manufacturers are not able to fully and timely meet their obligations;
- the risk of product liability or regulatory lawsuits or proceedings relating to our products and services; and
- the risk that we are unable to secure or protect our intellectual property.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in or contemplated by this report. Any forward-looking statements should be considered in light of the risks set forth in “Part II. Item 1A. Risk Factors” of the Quarterly Report and our other filings with the Securities and Exchange Commission, including our most recently filed Annual Report on Form 10-K.

The accompanying notes are an integral part of these unaudited condensed consolidated financial statements.

AIRSPAN NETWORKS HOLDINGS INC.
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. BUSINESS

Airspan Networks Holdings Inc. (the “Company”) designs and produces wireless network equipment for 4G and 5G networks for both mainstream public telecommunications service providers and private network implementations. Airspan provides Radio Access Network (“RAN”) products based on Open Virtualized Cloud Native Architectures that support technologies including 5G new radio (“5G NR”) and Long-Term Evolution (“LTE”), and Fixed Wireless standards, operating in licensed, lightly-licensed and unlicensed frequencies.

The market for the Company’s wireless systems includes mobile carriers, other public network operators and private and government network operators for command and control in industrial and public safety applications such as smart utilities, defense, transportation, mining and oil and gas. The Company’s strategy applies the same network technology across all addressable sectors.

The Company’s main operations are in Slough, United Kingdom; Mumbai and Bangalore, India; Tokyo, Japan; Airport City, Israel; Santa Clara, California; and the Company’s corporate headquarters are in the United States (“U.S.”) in Boca Raton, Florida.

Mimosa Sale

On March 8, 2023 (the “Closing Date”), the Company entered into a Stock Purchase Agreement (the “Mimosa Purchase Agreement”) with Airspan Networks Inc., a Delaware corporation and a direct wholly-owned subsidiary of the Company (“Seller”), Mimosa Networks, Inc., a Delaware corporation and a direct wholly-owned subsidiary of Seller (“Mimosa”), and Radisys Corporation, an Oregon corporation (“Buyer”), pursuant to which Seller will sell all of the issued and outstanding shares of common stock of Mimosa to Buyer for an aggregate purchase price of approximately \$60.0 million in cash (subject to customary adjustments as set forth in the Mimosa Purchase Agreement) on the terms and subject to the conditions set forth in the Mimosa Purchase Agreement (the “Mimosa Sale”).

The accounting requirements for reporting the Mimosa business as held for sale were met, however, the requirements for discontinued operations were not met. Accordingly, the consolidated financial statements and notes to the consolidated financial statements reflect the assets and liabilities of the Mimosa business as held for sale for the periods presented. (See Note 6).

2. BASIS OF PRESENTATION AND ACCOUNTING POLICIES

Basis of Presentation, Principles of Consolidation and Use of Estimates

The accompanying condensed consolidated financial statements include the accounts of the Company, its wholly-owned subsidiaries and Airspan IP Holdco LLC (“Holdco”) – 99.8% owned by Airspan. Non-controlling interest in the results of operations of consolidated subsidiaries represents the minority stockholders’ share of the profit or loss of Holdco. The non-controlling interest in net assets of this subsidiary, and the net income or loss attributable to the non-controlling interest, were not recorded by the Company as they are considered immaterial. All significant inter-company balances and transactions have been eliminated in consolidation. The accompanying condensed consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

The Company's interim condensed consolidated financial statements and related notes are unaudited. In the opinion of management, all adjustments (including normal recurring adjustments) and disclosures necessary for a fair presentation of these interim financial statements have been included. The results reported in these interim financial statements are not necessarily indicative of the results that may be reported for the entire year. Certain information and footnote disclosures required by GAAP have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and related notes thereto included in the Company's Annual Report on Form 10-K as of and for the year ended December 31, 2022.

The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements and accompanying notes. Actual results could differ from those estimates.

Liquidity.

The Company has historically incurred losses from operations. In the past, these losses have been financed through cash on hand or capital raising activities including borrowings or the sale of newly issued shares.

The Company had \$74.4 million of current assets and \$201.7 million of current liabilities as of March 31, 2023. During the three months ended March 31, 2023, the Company used \$2.4 million in cash flows from operating activities. The Company is investing heavily in 5G research and development activities and the Company expects to continue to use cash from operations during the remainder of 2023 and through the first half of 2024. Cash on hand and borrowing capacity under our Assignment Agreement, Resignation and Assignment Agreement and Credit Agreement (the "Fortress Credit Agreement") with DBFIP ANI LLC ("Fortress") (see Notes 7 and 9) may not allow the Company to reasonably expect to meet its forecasted cash requirements.

In order to address the need to satisfy the Company's continuing obligations and realize its long-term strategy, management has taken several steps and is considering additional actions to improve its operating and financial results, including the following:

- focusing the Company's efforts to increase sales in additional geographic markets;
- continuing to develop 5G product offerings that will expand the market for the Company's products;
- focusing the Company's efforts to improve days sales outstanding to provide additional liquidity;
- selling the Mimosa business for approximately \$60.0 million; and
- continuing to implement cost reduction initiatives to reduce non-strategic costs in operations and expand the Company's labor force in lower cost geographies, with headcount reductions in higher cost geographies.

There can be no assurance that the above actions will be successful. Without additional financing or capital, the Company's current cash balance would be insufficient to satisfy repayment demands from its lenders if the lenders elect to declare the senior term loan and the senior secured convertible notes due prior to the maturity date. There is no assurance that the new or renegotiated financing will be available, or that if available, will have satisfactory terms. These conditions raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that these financial statements are issued. The accompanying condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result from the outcome of this uncertainty.

Global Economic Conditions

The Company has experienced supply chain disruptions and inflationary impacts across our businesses, driven by the impact of the COVID-19 pandemic, the war in Ukraine and resulting economic sanctions, and general macroeconomic factors. These factors have increased our operating costs. While the Company is taking actions to respond to the supply chain disruptions, inflationary environment, and global demand dynamics, we may not be able to enact these measures in a timely manner, or the measures may not be sufficient to offset the increase in costs, which could have a material adverse impact on our results of operations.

Significant Concentrations

Financial instruments, which potentially subject the Company to concentration of credit risk, consist primarily of cash and cash equivalents, restricted cash and accounts receivable. The Company places its cash and cash equivalents in highly rated financial instruments. The Company maintains certain of its cash balances in various U.S. banks, which at times, may exceed federally insured limits. The Company has not experienced any losses on such accounts.

The Company's accounts receivable are derived from sales of its products and approximately 83.6% and 66.9% of product sales were to non-U.S. customers for the three months ended March 31, 2023 and 2022, respectively. Three customers accounted for \$25.2 million or 78.4% of the net accounts receivable balance as of March 31, 2023 and two customers accounted for \$29.8 million or 59.8% of the net accounts receivable balance as of March 31, 2022. The Company requires payment in advance or payment security in the form of a letter of credit to be in place at the time of shipment, except in cases where credit risk is considered to be acceptable. The Company's top three customers accounted for 70.5% and 73.1% of revenue for the three months ended March 31, 2023 and 2022, respectively. For the three months ended March 31, 2023, the Company had two customers whose revenue was greater than 10% of the three month period's total revenue. For the three months ended March 31, 2022, the Company had three customers whose revenue was greater than 10% of the three month period's total revenue.

The Company received 71.7% and 88.1% of goods for resale from five suppliers in the three months ended March 31, 2023 and 2022, respectively. The Company outsources the manufacturing of its base station products to contract manufacturers and obtains subscriber terminals from vendors in the Asia Pacific region. In the event of a disruption to supply, the Company would be able to transfer the manufacturing of base stations to alternate contract manufacturers and has alternate suppliers for the majority of subscriber terminals.

Recent Accounting Pronouncements

In March 2020, the FASB issued ASU No. 2020-04, *“Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting”* which provides optional expedient and exceptions for applying generally accepted accounting principles to contracts, hedging relationships, and other transactions affected by reference rate reform if certain criteria are met. In response to the concerns about structural risks of interbank offered rates (“IBORs”) and, particularly, the risk of cessation of the LIBOR, regulators in several jurisdictions around the world have undertaken reference rate reform initiatives to identify alternative reference rates that are more observable or transaction based and less susceptible to manipulation. This ASU provides companies with optional guidance to ease the potential accounting burden associated with transitioning away from reference rates that are expected to be discontinued. This new standard must be adopted by the Company no later than December 1, 2024, with early adoption permitted. The potential adoption of this standard is not expected to have a material impact on the Company's consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13 (amended by ASU 2019-10), *“Financial Instruments — Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, regarding the measurement of credit losses for certain financial instruments.”* which replaces the incurred loss model with a current expected credit loss (“CECL”) model. The CECL model is based on historical experience, adjusted for current conditions and reasonable and supportable forecasts. The new guidance was adopted by the Company on January 1, 2023, and it did not have a material impact on the Company's condensed consolidated financial statements.

3. REVENUE RECOGNITION

The following is a summary of revenue by category (in thousands):

	Three Months Ended March 31,	
	2023	2022
Products sales	\$ 20,353	\$ 31,977
Non-recurring engineering ("NRE")	511	1,156
Product maintenance contracts	2,139	1,740
Professional service contracts	914	1,093
Software licenses	819	1,385
Other	37	213
Total revenue	<u>\$ 24,773</u>	<u>\$ 37,564</u>

There was no revenue recognized at a point in time for NRE services for the three months ended March 31, 2023 or for the three months ended March 31, 2022. For services performed on a customer's owned asset, since the customer controls the asset being enhanced, revenue is recognized over time as services are rendered. Revenue recognized over time for NRE services using a cost-based input method amounted to \$0.5 million and \$1.2 million for the three months ended March 31, 2023 and 2022, respectively. The Company is allowed to bill for services performed under the contract in the event the contract is terminated.

The opening and closing balances of our contract asset and liability balances from contracts with customers as of March 31, 2023 and December 31, 2022 were as follows (in thousands):

	Contracts Assets	Contracts Liabilities
Balance as of December 31, 2022	\$ 9,001	\$ 2,892
Balance as of March 31, 2023	9,512	2,228
Change	<u>\$ 511</u>	<u>\$ (664)</u>

Remaining performance obligations represent the revenue that is expected to be recognized in future periods related to performance obligations included in a contract that are unsatisfied, or partially satisfied, as of the end of a period. As of March 31, 2023 and December 31, 2022, deferred revenue (both current and noncurrent) of \$2.0 million and \$2.6 million, respectively, represents the Company's remaining performance obligations, of which \$2.1 million and \$2.8 million, respectively, is expected to be recognized within one year, with the remainder to be recognized thereafter.

Revenues for the three months ended March 31, 2023 and 2022, include the following (in thousands):

	Three Months Ended March 31,	
	2023	2022
Amounts included in the beginning of year contract liability balance	\$ 1,499	\$ 1,045

4. GOODWILL AND INTANGIBLE ASSETS, NET

The Company had goodwill of \$13.6 million as of March 31, 2023 and December 31, 2022 resulting from a prior acquisition. Goodwill and Intangible assets, net are classified as Assets Held for Sale – Noncurrent at March 31, 2023.

Intangible assets, net consists of the following (in thousands):

	Weighted Average Useful Life (in years)	March 31, 2023		
		Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
Internally developed technology	10	\$ 7,810	\$ (3,319)	\$ 4,491
Customer relationships	6	2,130	(1,509)	621
Trademarks	2	720	(720)	-
Non-compete	3	180	(180)	-
Total acquired intangible assets		<u>\$ 10,840</u>	<u>\$ (5,728)</u>	<u>\$ 5,112</u>

	Weighted Average Useful Life (in years)	December 31, 2022		
		Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
Internally developed technology	10	\$ 7,810	\$ (3,189)	\$ 4,621
Customer relationships	6	2,130	(1,449)	681
Trademarks	2	720	(720)	-
Non-compete	3	180	(180)	-
Total acquired intangible assets		<u>\$ 10,840</u>	<u>\$ (5,538)</u>	<u>\$ 5,302</u>

Amortization expense related to the Company's intangible assets amounted to \$0.2 million and \$0.3 million for the three months ended March 31, 2023 and 2022, respectively.

There will be no further amortization expense for the remainder of 2023 and thereafter related to the Company's intangible assets as the long-lived assets in the disposal group should be recorded at the carrying amount at the time the assets are accounted as held for sale.

5. ACCRUED EXPENSES AND OTHER CURRENT LIABILITIES

Accrued expenses and other current liabilities consist of the following (in thousands):

	March 31, 2023	December 31, 2022
Payroll and related benefits and taxes	\$ 8,051	\$ 8,312
Fair value of embedded derivatives related to Convertible Debt	4,489	5,353
Royalties	3,732	3,610
Loan success fee related to Convertible Debt	2,858	2,858
Agent and sales commissions	955	1,224
Right-of-use lease liability, current portion	2,379	2,923
Tax liabilities	1,089	1,301
Product warranty liabilities	1,278	1,478
Product marketing	70	376
Manufacturing subcontractor costs	1,376	1,787
Legal and professional services	2,530	1,282
Other	1,594	1,739
Total accrued expenses and other current liabilities	<u>\$ 30,401</u>	<u>\$ 32,243</u>

6. HELD FOR SALE

As discussed in Note 1, on March 8, 2023 the Company entered into the Purchase Agreement with Seller, Mimosa, and Buyer, pursuant to which the Seller will sell all of the issued and outstanding shares of common stock of Mimosa to Buyer for an aggregate purchase price of approximately \$60,000,000 in cash (subject to customary adjustments) on the terms and subject to the conditions set forth in the Purchase Agreement (the “Transaction”). The Purchase Agreement contains customary representations, warranties and covenants by the parties subject to specified exceptions and qualifications. Each party’s obligations to consummate the Transaction pursuant to the Purchase Agreement are subject to customary closing conditions as set out in the Mimosa Purchase Agreement, including, among others, approval of the Transaction by the Committee on Foreign Investment in the United States, approval of the Transaction by the Competition Authority of the Republic of Turkey, and approval of the Transaction by the senior lenders.

The Company has met the criteria for recording the Mimosa assets and liabilities as “held for sale” at March 31, 2023. Since the Company did not meet the criteria for held for sale at December 31, 2022, the assets and liabilities of the Mimosa group are recorded in their respective categories.

The assets and liabilities of the disposal group, Mimosa, were evaluated to determine whether the carrying amounts should be adjusted in accordance with other GAAP standards. After adjusting the assets and liabilities of the disposal group, the disposal group as a whole is measured at the lower of carrying amount or fair value less costs to sell. Depreciation and amortization of long-lived assets in the disposal group will not be recorded during the period in which the disposal group meets the criteria for held for sale.

The unaudited condensed balance sheet of Mimosa at March 31, 2023 is as follows:

	March 31, 2023	December 31, 2022
ASSETS		
Current assets:		
Accounts receivable, net of allowance of \$103 and \$123 as of March 31, 2023 and December 31, 2022, respectively	7,420	7,413
Inventory	4,941	3,759
Prepaid expenses and other current assets	231	410
Total current assets	12,592	11,582
Property, plant and equipment, net	1,084	1,107
Goodwill	13,641	13,641
Intangible assets, net	5,113	5,302
Right-of-use assets, net	845	916
Other non-current assets	108	109
Total assets	<u>\$ 33,383</u>	<u>\$ 32,657</u>
LIABILITIES AND STOCKHOLDERS’ DEFICIT		
Current liabilities:		
Accounts payable	\$ 10,105	\$ 5,545
Accrued expenses and other current liabilities	1,587	1,517
Deferred revenue	271	253
Total current liabilities	11,963	7,315
Other long-term liabilities	17,294	21,103
Total liabilities	29,257	28,418
Total liabilities and stockholders’ deficit	<u>\$ 33,383</u>	<u>\$ 32,657</u>

7. SUBORDINATED DEBT

On August 6, 2015, Legacy Airspan issued Golden Wayford Limited a \$10.0 million subordinated Convertible Promissory Note (the “Golden Wayford Note”) pursuant to a Subordinated Convertible Note Purchase Agreement. The Golden Wayford Note was amended and restated on November 28, 2017, to reduce the interest rate thereon and to reflect the application of the payment of \$1.0 million of principal on such note. The Golden Wayford Note had an original maturity date of February 16, 2016, which through subsequent amendments was extended to June 30, 2020. The conversion rights related to this agreement expired on its maturity date, June 30, 2020, and on this date the loan was reclassified from Subordinated Convertible Debt to Subordinated Debt.

The principal and accrued interest under the Golden Wayford Note would have been automatically converted into common shares at the time of the next equity financing and consummated prior to, on or after the maturity date (June 30, 2020). Such conversion right expired in accordance with its term. Interest accrues at 5.0% per annum and is payable quarterly, however, because such payment is prohibited by the terms of the subordination, interest is (in accordance with the terms of the related promissory note) paid in kind.

The Golden Wayford Note is subordinate to the obligations under the Fortress Credit Agreement (see Note 9). A limited waiver under the Fortress Credit Agreement waives each actual and prospective default and event of default existing under the Fortress Credit Agreement directly as a result of the non-payment of the Golden Wayford Note.

The Company had subordinated debt outstanding of \$9.0 million, plus \$2.3 million and \$2.1 million of accrued interest as of March 31, 2023 and December 31, 2022, respectively.

8. SUBORDINATED TERM LOAN – RELATED PARTY

On February 9, 2016, Legacy Airspan entered into a \$15.0 million subordinated term loan agreement with a related party (the “Subordinated Term Loan Agreement”) that was due to mature on February 9, 2018. On July 12, 2016, Legacy Airspan entered into an additional \$15.0 million Amendment No. 1 to the Subordinated Term Loan Agreement that was due to mature on February 9, 2018. On July 3, 2017, Legacy Airspan entered into Amendment No. 2 to the Subordinated Term Loan Agreement that extended the maturity date to June 30, 2019. On May 23, 2019, Legacy Airspan entered into Amendment No. 3 to the Subordinated Term Loan Agreement that extended the maturity date to December 31, 2020. On March 30, 2020, Legacy Airspan entered into Amendment No. 4 to the Subordinated Term Loan Agreement that extended the maturity date to December 31, 2021. On December 30, 2020, Legacy Airspan entered into Amendment No. 5 to the Subordinated Term Loan Agreement that extended the maturity date to the later of (a) December 30, 2024 and (b) 365 days after the maturity date of the Fortress Credit Agreement (as in effect on December 30, 2020) (see Note 9). The term loan is subordinate to the Fortress Credit Agreement (see Note 9).

Prior to May 23, 2019, interest accrued at 2.475% per annum and was payable quarterly. In accordance with the amendments below, the interest rate changed as follows:

- (a) Amendment No. 3, on May 23, 2019, the interest rate changed to 9.0% per annum to be accrued;
- (b) Amendment No. 4, on March 30, 2020, the interest rate changed to 9.0% per annum through December 31, 2020 and from and after January 1, 2021, at a rate of 12.0% per annum to be accrued; and
- (c) Amendment No. 5, on December 30, 2020, the interest rate from January 1, 2021 and thereafter changed to 9.0% per annum to be accrued, subject to reversion to 12.0% if a condition subsequent is not satisfied. The subsequent condition was satisfied.

The principal and accrued interest may be repaid early without penalty.

The Company had a subordinated term loan outstanding of \$30.0 million, plus \$12.4 million and \$11.5 million of accrued interest as of March 31, 2023 and December 31, 2022, respectively.

9. SENIOR TERM LOAN

On December 30, 2020, Legacy Airspan, together with Holdco, Airspan Networks (SG) Inc., Mimosa, Mimosa Networks International, LLC, Airspan Communications Limited, Airspan Networks LTD, and Airspan Japan K.K., as guarantors, together with the other parties thereto, entered into an assignment agreement, whereby Pacific Western Bank (“PWB”) and Ally Bank assigned their interests in a loan facility under the Second Amended and Restated Loan and Security Agreement with Legacy Airspan (the “PWB Facility”) to certain new lenders (the “Assignment Agreement”), and PWB entered into a resignation and assignment agreement (the “Agent Resignation Agreement”) pursuant to which PWB resigned in its capacity as agent under all of the transaction documents and DBFIP ANI LLC (“Fortress”) became the successor agent (as defined in the Agent Resignation Agreement), replacing PWB in such capacity under the PWB Facility. The Assignment Agreement and the Agent Resignation Agreement, along with a Reaffirmation and Omnibus Amendment, resulted in the amendment and restatement of the terms of the PWB Facility and a credit agreement with Fortress (the “Fortress Credit Agreement”) with the new lenders as the lenders thereunder. Fortress became the administrative agent, collateral agent and trustee for the lenders and other secured parties. On August 13, 2021, the Company, Legacy Airspan and certain of the Company’s subsidiaries who are party to the Fortress Credit Agreement entered into a Waiver and Consent, Second Amendment, Restatement, Joinder and Omnibus Amendment to Credit Agreement and Other Loan Documents relating to the Fortress Credit Agreement with Fortress to, among other things, add the Company as a guarantor, recognize and account for the Business Combination, recognize and account for the Convertible Notes (see Note 10) and provide updated procedures for replacement of LIBOR. On March 29, 2022, the Company, Legacy Airspan and certain of the Company’s subsidiaries who are party to the Fortress Credit Agreement entered into a Third Amendment and Waiver to Credit Agreement and Other Loan Documents (the “March 2022 Fortress Credit Amendment”) to, among other things, amend the financial covenants included in the Fortress Credit Agreement. On November 14, 2022, the Company, Legacy Airspan and certain of the Company’s subsidiaries who are party to the Fortress Credit Agreement entered into the November 2022 Fortress Credit Amendment to, among other things, effect a limited waiver of certain events of default under the Fortress Credit Agreement.

The Fortress Credit Agreement initial term loan total commitment of \$34.0 million and a term loan commitment of \$10.0 million were both funded to Legacy Airspan on December 30, 2020. Pursuant to the Fortress Credit Agreement, the Company may expand the term loan commitment by \$20.0 million subject to the terms and conditions of the agreement. The maturity date of the total loan commitment is December 30, 2024. The Fortress Credit Agreement contains a prepayment premium of 5.0% if the prepayment occurs during the period from December 30, 2021 through December 29, 2022, and 3.0% if the prepayment occurs during the period from December 30, 2022 through December 29, 2023. The Fortress Credit Agreement also contained a prohibition on prepayment during the period from December 30, 2020 through December 29, 2021. Subsequent to December 29, 2021, the Company may prepay this loan but will incur a related fee in the amount of a make-whole amount of interest that would have been payable had such prepayment not been made.

To secure its obligations under the Fortress Credit Agreement, Fortress was assigned PWB’s security interest under the PWB Facility and the Company and certain of its subsidiaries granted Fortress as security for the obligations a security interest in (a) all of the real, personal and mixed property in which liens are granted or purported to be granted pursuant to any of the collateral documents as security for the obligations, (b) all products, proceeds, rents and profits of such property, (c) all of each loan party’s book and records (d) all of the foregoing whether now owned or existing, in each case excluding certain excluded assets.

The Fortress Credit Agreement and the Fortress Convertible Note Agreement each contains representations and warranties, events of default and affirmative and negative covenants, which include, among other things, certain restrictions on the ability to pay dividends, create liens, incur additional indebtedness, make investments, dispose of assets, consummate business combinations (except for permitted investment, as defined in the Fortress Credit Agreement and the Fortress Convertible Note Agreement, respectively), and make distributions. In addition, financial covenants apply. Prior to the March 2022 Fortress Credit Amendment and the March 2022 Fortress Convertible Note Agreement Amendment, these financial covenants included (a) minimum liquidity of \$4.0 million as of December 31, 2020 and \$5.0 million thereafter, (b) minimum last twelve-month revenue and (c) minimum last twelve-month Earnings before Interest, Taxes, Depreciation, and Amortization (“EBITDA”). Pursuant to the March 2022 Fortress Credit Amendment and the March 2022 Fortress Convertible Note Agreement Amendment, the financial covenants included in the Fortress Credit Agreement and the Fortress Convertible Note Agreement were amended to increase the minimum liquidity requirement to an amount between \$15.0 million and \$20.0 million, depending on EBITDA performance levels and whether a default or event of default exists under the Fortress Credit Agreement, and decrease the minimum last twelve-month revenue and EBITDA requirements. Revenue and EBITDA financial covenants are tested quarterly. As of March 31, 2023, the Company was not in compliance with all applicable covenants under the Fortress Credit Agreement and the Fortress Convertible Note Agreement.

The Company was not in compliance with the minimum last twelve-month EBITDA covenant and the minimum last twelve-month revenue covenant under the Fortress Credit Agreement and the agreement governing the Company's senior secured convertible notes as of the December 31, 2022 and the March 31, 2023 quarterly measurement dates, and the Company was not in compliance with the minimum liquidity covenant under the Fortress Credit Agreement and the Fortress Convertible Note Agreement at all times from November 29, 2022, each of which is an event of default under those agreements. The Company did not make the payments due under the Fortress Credit Agreement and the Fortress Convertible Note Agreement on March 31, 2023, which is an event of default under the Fortress Credit Agreement and the Fortress Convertible Note Agreement.

The Company is seeking a waiver with respect to current breaches. However, there can be no assurance that the lenders under the Fortress Credit Agreement and the agreement governing the Company's senior secured convertible notes will agree to waive the existing covenant breaches. Even if the Company receives a waiver with respect to such existing breaches, based on management's current forecast, absent of additional financing or capital raising, the Company has concluded it is probable that the Company will not be in compliance with certain of the prospective financial covenants under the Fortress Credit Agreement and the agreement governing the Company's senior secured convertible notes during certain periods of the next twelve months. Accordingly, while the Company may seek future waivers from compliance with the applicable covenants in connection with such anticipated breaches, or amendments of existing financial covenants included in the Fortress Credit Agreement and the agreement governing the Company's senior secured convertible notes, the Company is also pursuing alternative sources of capital so that it would be able to satisfy its prospective minimum liquidity obligations under the Fortress Credit Agreement and the agreement governing the Company's senior secured convertible notes. There can be no assurance that the lenders under the Fortress Credit Agreement and the agreement governing the Company's senior secured convertible notes will agree to waive any breaches thereunder that may arise in the future or that we will otherwise be able to remedy such breaches.

In the absence of waivers or remedies of existing covenant breaches or any additional breaches that may arise in the future, the lenders under the Fortress Credit Agreement and the agreement governing the Company's senior secured convertible notes could (i) elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest and other premiums, and institute foreclosure proceedings against the Company's assets, (ii) elect to apply the default interest rate under the Fortress Credit Agreement and the Fortress Convertible Note Agreement and related agreements, and (iii) with respect to the Fortress Credit Agreement, elect to terminate their delayed draw commitments thereunder and cease making further loans. As a result of any of these actions, the Company could be forced into bankruptcy or liquidation. In addition, the Company's subordinated term loan – related party (see Note 8) and subordinated debt (see Note 7) could be accelerated or required to be paid due to provisions contained within those instruments. As a result, the Company has classified its senior term loan, convertible debt, subordinated term loan and subordinated debt as current.

The Company's senior term loan balance was \$41.0 million and \$44.1 million, inclusive of accrued interest of \$5.8 million and \$5.0 million, as of March 31, 2023 and December 31, 2022, respectively. Deferred financing fees of \$3.2 million and \$3.6 million are reflected as reductions of the outstanding senior term loan balance as of March 31, 2023 and December 31, 2022, respectively.

10. CONVERTIBLE DEBT

On August 13, 2021, the Company, together with Legacy Airspan, Holdco, Airspan Networks (SG) Inc., Mimosa Networks, Inc., Mimosa Networks International, LLC, Airspan Communications Limited, Airspan Networks LTD, and Airspan Japan K.K., as guarantors, and Fortress, entered into a Senior Secured Convertible Note Purchase and Guarantee Agreement (the "Fortress Convertible Note Agreement"), in order to meet the available cash requirement of the reverse recapitalization completed on such date. Pursuant to the Fortress Convertible Note Agreement, \$50.0 million was funded to the Company in exchange for the issuance of \$50.0 million aggregate principal amount of senior secured convertible notes (the "Convertible Notes") on August 13, 2021, the date of the reverse recapitalization. The Convertible Notes bear interest at 7.0% per annum (the "Base Rate"), payable quarterly in arrears on March 31, June 30, September 30 and December 31 of each year, beginning on September 30, 2021. The Convertible Notes will mature on December 30, 2024, unless earlier accelerated, converted, redeemed or repurchased. Under certain circumstances, a default interest will apply following an event of default under the Convertible Notes at a per annum rate equal to the lower of (i) the Base Rate plus 3.75% and (ii) the maximum amount permitted by law. The Convertible Notes are *pari passu* in right of payment and lien priority with the obligations under the Fortress Credit Agreement and are secured by a security interest in (a) all of the real, personal and mixed property in which liens are granted or purported to be granted pursuant to any of the collateral documents as security for the obligations, (b) all products, proceeds, rents and profits of such property, (c) all of each loan party's book and records and (d) all of the foregoing whether now owned or existing, in each case excluding certain excluded assets.

On March 29, 2022, the Company and certain of its subsidiaries who are party to the Fortress Convertible Note Agreement entered into a First Amendment and Waiver to Senior Secured Convertible Note Purchase and Guarantee Agreement and Other Note Documents relating to the Fortress Convertible Note Agreement and the Convertible Notes (the “March 2022 Fortress Convertible Note Agreement Amendment”) to, among other things, amend the financial covenants included in the Fortress Convertible Note Agreement, amend the conversion price of the Convertible Notes and amend the optional redemption provisions of the Convertible Notes. On November 14, 2022, the Company, Legacy Airspan and certain of our subsidiaries who are party to the Fortress Convertible Note Agreement to, entered into a Second Amendment and Waiver to Senior Secured Convertible Note Purchase and Guarantee Agreement and Other Note Documents to, among other things, effect a limited waiver of certain events of default under the Fortress Convertible Note Agreement.

Prior to the March 2022 Fortress Convertible Note Agreement Amendment, the Convertible Notes, together with all accrued but unpaid interest thereon, were convertible, in whole or in part, at any time prior to the payment in full of the principal amount thereof (together with all accrued but unpaid interest thereon), into shares of Common Stock at a conversion price equal to \$12.50 per share. Pursuant to the March 2022 Fortress Convertible Note Agreement Amendment, the conversion price with respect to the Convertible Notes was decreased to \$8.00 per share. The conversion price with respect to the Convertible Notes is subject to adjustment to reflect stock splits and subdivisions, stock and other dividends and distributions, recapitalizations, reclassifications, combinations and other similar changes in capital structure. The conversion price with respect to the Convertible Notes is also subject to a broad-based weighted average anti-dilution adjustment in the event the Company issues, or is deemed to have issued, shares of Common Stock, other than certain excepted issuances, at a price below the conversion price then in effect. In addition, pursuant to the March 2022 Fortress Convertible Note Agreement Amendment, if, during the period commencing on and including the date of the March 2022 Fortress Convertible Note Agreement Amendment and ending on and including the 15-month anniversary of the date of the March 2022 Fortress Convertible Note Agreement Amendment, there is no 30 consecutive trading day-period during which the average of the daily volume weighted average price of the Common Stock (“Daily VWAP”) for such 30 consecutive trading day-period (after excluding the three highest and the three lowest Daily VWAPs during such period) equals or exceeds \$10.00 (as adjusted for stock splits, stock combinations, dividends, distributions, reorganizations, recapitalizations and the like), the conversion price with respect to the Convertible Notes will be reduced to the amount that such conversion price would otherwise have been had the conversion price with respect to the Convertible Notes been \$6.00 on the date of the March 2022 Fortress Convertible Note Agreement Amendment.

The following is the allocation among the freestanding instruments (in thousands) at the issuance date:

	August 13, 2021
Convertible Notes	\$ 41,887
Conversion option derivative	7,474
Call and contingent put derivative	639
Total Convertible Notes	<u>\$ 50,000</u>

As of March 31, 2023, the Company had convertible debt outstanding as shown below (in thousands):

	March 31, 2023
Convertible Notes	\$ 46,242
Loan discount costs	(750)
Total Convertible Notes	<u>\$ 45,492</u>

As of March 31, 2023, the Company was not in compliance with all applicable covenants under the Fortress Convertible Note Agreement.

See Note 9 for further information related to the Fortress Convertible Note Agreement.

11. FAIR VALUE MEASUREMENTS

The Company's assets and liabilities recorded at fair value are categorized based upon a fair value hierarchy that ranks the quality and reliability of the information used to determine fair value.

The Company has certain non-financial assets that are measured at fair value on a non-recurring basis when there is an indicator of impairment, and they are recorded at fair value only when impairment is recognized. These assets include property, plant and equipment, goodwill and intangible assets, net. The Company did not record impairment to any non-financial assets in the three months ended March 31, 2023 and March 31, 2022.

Financial Disclosures about Fair Value of Financial Instruments

The tables below set forth information related to the Company's condensed consolidated financial instruments (in thousands):

The fair value of the Company's cash and cash equivalents and restricted cash approximate the carrying value because of the short-term nature of these accounts.

	Level in Fair Value Hierarchy	March 31, 2023		December 31, 2022		
		Carrying Amount	Fair Value	Carrying Amount	Fair Value	
Assets:						
Cash and cash equivalents	1	\$ 3,282	\$ 3,282	\$ 7,253	\$ 7,253	
Restricted cash	1	34	34	34	34	
Cash and investment in severance benefit accounts	1	3,102	3,102	3,161	3,161	
Liabilities:						
Subordinated term loan – related party ^(a)	2	\$ 42,449	\$ 23,474	\$ 41,528	25,503	
Subordinated debt ^(a)	2	11,256	7,001	11,119	7,386	
Senior term loan ^(a)	2	40,993	35,188	40,529	36,680	
Convertible debt	2	45,492	45,880	43,928	48,249	
Public Warrants ^(b)	1	575	575	345	345	
Warrants ^(b)	3	29	29	36	36	

(a) As of March 31, 2023 and December 31, 2022, the fair value of the subordinated term loan, subordinated debt and senior term loan considered the senior status of the senior term loan under the Fortress Credit Agreement, followed by the junior status of the subordinated term loan and subordinated debt. The implied yields of the subordinated term loan – related party, subordinated debt and senior term loan were 33.98%, 37.59% and 28.00%, respectively, as of March 31, 2023 and 23.00%, 27.18% and 28.78%, respectively, as of December 31, 2022.

- (b) As of March 31, 2023 and December 31, 2022, the fair value of warrants outstanding that are classified as liabilities are included in other long-term liabilities in the Company's condensed consolidated balance sheets. The key inputs to the valuation models that were utilized to estimate the fair value of the Post-Combination Warrants and Private Placement Warrants as of March 31, 2023 were as follows:

	Post-Combination Warrants	Private Placement Warrants
Assumptions:		
Stock price	\$ 0.69	\$ 0.69
Exercise price	\$ 12.50-17.50	\$ 11.50
Risk free rate	4.78%	3.66%
Expected volatility	101.1%	84.20%
Dividend yield	0.00%	0.00%

The conversion option derivative and call and contingent put derivative are considered a Level 3 measurement due to the utilization of significant unobservable inputs in the valuation. The Company utilized a binomial model to estimate the fair value of the embedded derivative features requiring bifurcation associated with the Convertible Notes payable at the issuance date and as of the March 31, 2023 and December 31, 2022 reporting dates. The key inputs to the valuation models that were utilized to estimate the fair value of the convertible debt derivative liabilities include:

	March 31, 2023	December 31, 2022
Assumptions:		
Stock price	\$ 0.69	\$ 1.31
Conversion strike price	\$ 8.00	\$ 8.00
Volatility	92.00%	94.00%
Dividend yield	0.00%	0.00%
Risk free rate	4.12%	4.32%
Debt discount rate	28.00%	15.10%
Coupon interest rate	7.00%	7.00%
Face amount (in thousands)	\$ 50,000	\$ 50,000
Contingent put inputs and assumptions:		
Probability of fundamental change	50.00%	33.00%

The following table presents a roll-forward of the Level 3 instruments:

(in thousands)	Warrants	Conversion option derivative	Call and contingent put derivative
Beginning balance, December 31, 2022	\$ 36	\$ 3,052	\$ 2,301
Change in fair value	(7)	(2,912)	2,048
Ending balance, March 31, 2023	\$ 29	\$ 140	\$ 4,349

The warrant liability is included in other long-term liabilities and the derivatives are included in accrued expenses and other current liabilities.

12. COMMITMENTS AND CONTINGENCIES

The Company had commitments with its main subcontract manufacturers under various purchase orders and forecast arrangements of \$77.3 million as of March 31, 2023, the majority of which have expected delivery dates during the remainder of 2023.

Contingencies and Legal Proceedings

From time to time, the Company receives and reviews correspondence from third parties with respect to licensing their patents and other intellectual property in connection with the sale of the Company's products. Disputes may arise with such third parties if an agreement cannot be reached regarding the licensing of such patents or intellectual property.

On October 14, 2019, Barkan Wireless IP Holdings, L.P. ("Barkan") filed a suit against Sprint Corporation and related entities ("Sprint") in the United States District Court for the Eastern District of Texas alleging patent infringement based in part on two of the Company's products, Airave 4 and Magic Box Gold. See *Barkan Wireless IP Holdings, L.P. v. Sprint Corporation et al*, Case No. 2:19-cv-00336-JRG (E.D. Tex.). On March 26, 2021, after a settlement between Barkan and Sprint, the court granted an agreed motion to dismiss and the case was closed. Sprint had demanded that the Company indemnify Sprint \$3,870,000 for a portion of the amounts Sprint paid to defend and settle the case. On April 27, 2021, Sprint gave notice that it intends to set-off amounts it owes the Company until Sprint's indemnity demand is satisfied. The Company disputes Sprint's indemnity demand and, on March 15, 2022, filed a complaint for breach of contract in the United States District Court for the District of Kansas. See *Airspan Networks, Inc. v. Sprint/United Management Company*, Case No. 2:22-cv-02104-JAR-ADM (D. Kan.). That complaint was subsequently voluntarily dismissed by the Company and the underlying breach of contract claim is now a counterclaim in the matter captioned *Sprint Communications Company, L.P et al. vs. Casa Systems, Inc. et al.*, No. 22CV02327 Div.7 pending in the District Court of Johnson County Kansas. On January 3, 2023, the parties settled this matter. The Company had previously provided for a reserve for an estimated amount of exposure related to this matter in a prior year.

Except as set forth above, the Company is not currently subject to any other material legal proceedings. The Company may from time to time become a party to various other legal proceedings arising in the ordinary course of its business. While the results of such claims and litigation cannot be predicted with certainty, the Company currently believes that it is not a party to any litigation the final outcome of which is likely to have a material adverse effect on the Company's consolidated financial position, results of operations or cash flows.

13. COMMON STOCK AND WARRANTS

Common Stock

As of March 31, 2023, 260,000,000 shares, \$0.0001 par value per share are authorized, of which, 250,000,000 shares are designated as Common Stock and 10,000,000 shares are designated as preferred stock. As of March 31, 2023, there were 74,582,992 shares of Common Stock issued and outstanding and no shares of preferred stock issued or outstanding.

Holders of our Common Stock are entitled to receive dividends when, as and if declared by the board of directors of the Company, payable either in cash, in property or in shares of capital stock. As of March 31, 2023, the Company had not declared any dividends.

Legacy Airspan Warrants

The Company accounted for Legacy Airspan convertible preferred stock warrants that have been earned and are exercisable into shares of Legacy Airspan's convertible preferred stock as liabilities pursuant to Accounting Standards Codification 480, "*Distinguishing Liabilities from Equity*" as the warrants were exercisable into shares of Legacy Airspan convertible preferred stock that were contingently redeemable upon events outside the control of Legacy Airspan. The warrant liability is included in other long-term liabilities on the accompanying condensed consolidated balance sheets. The warrants are remeasured and recognized at fair value at each balance sheet date. At the end of each reporting period, changes in fair value during the period are recognized as a component of other expense, net on the accompanying condensed consolidated statements of operations.

In January 2021 and February 2021, Legacy Airspan issued warrants for the purchase of 6,097 and 406, respectively, shares of Legacy Airspan Series H Convertible Preferred Stock to certain holders of Legacy Airspan Series H Senior Convertible Preferred Stock (one warrant for every two shares of Legacy Airspan Series H Senior Convertible Preferred Stock purchased in January and February 2021, respectively) with an exercise price of \$61.50 per share and a 5-year term ("Series H warrants"). Legacy Airspan accounted for the initial fair value of the Series H warrants as a discount on the Legacy Airspan Series H Senior Convertible Preferred Stock issuance and recorded a corresponding warrant liability.

In October 2015, Legacy Airspan issued warrants to purchase 487,805 shares of Legacy Airspan Series D Convertible Preferred Stock to holders of its Series D Convertible Preferred Stock with an exercise price of \$61.50 per share, subject to certain performance requirements (the "Series D-1 Warrants"). In June 2014, Legacy Airspan issued warrants to purchase 203,252 shares of Legacy Airspan Series D Convertible Preferred Stock to holders of Legacy Airspan Series D Convertible Preferred Stock with an exercise price of \$61.50 per share, subject to certain performance requirements (the "Series D Warrants").

The Series D Warrants expired unexercised in January 2021 and the Series D-1 Warrants and Series H warrants were converted as part of the Closing of the Business Combination and ceased to exist after the Business Combination.

Common Stock Warrants

As of March 31, 2023, there are 12,045,000 Common Stock Warrants outstanding, consisting of 11,500,000 and 545,000 Public Warrants and Private Placement Warrants, respectively.

On August 13, 2021, Airspan Networks Holdings Inc. (formerly New Beginnings Acquisition Corp.) ("NBA") consummated a business combination transaction pursuant to a business combination agreement, dated March 8, 2021, by and among the Company, Artemis Merger Sub Corp., a Delaware corporation and wholly-owned direct subsidiary of the Company, and Airspan Networks Inc., a Delaware corporation. In connection with the closing of the business combination, the Company changed its name to Airspan Networks Holdings Inc. As part of NBA's initial public offering, 11,500,000 Public Warrants were sold. The Public Warrants entitle the holder thereof to purchase one share of Common Stock at a price of \$11.50 per share, subject to adjustment. The Public Warrants may be exercised only for a whole number of shares of Common Stock. No fractional shares will be issued upon exercise of the Public Warrants. The Public Warrants will expire on August 13, 2026 at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

The Company may redeem the Public Warrants when exercisable, in whole and not in part, at a price of \$0.01 per warrant, so long as the Company provides not less than 30 days' prior written notice of redemption to each warrant holder, and if, and only if, the reported last sale price of the Common Stock equals or exceeds \$18.00 per share for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date the Company sends the notice of redemption to the warrant holders.

Simultaneously with the Company's initial public offering, NBA consummated a private placement of 545,000 Private Placement Warrants with its sponsor. The Private Placement Warrants are exercisable for one share of Common Stock at a price of \$11.50 per share, subject to adjustment. The Private Placement Warrants are identical to the Public Warrants, except that, so long as the Private Placement Warrants are held by the initial purchaser or its permitted transferees, the Private Placement Warrants: (1) may be exercised for cash or on a cashless basis; (2) may not be transferred, assigned or sold until thirty (30) days after the date of the Closing; and (3) may not be redeemed.

Post-Combination Warrants

As of March 31, 2023, there are 9,000,000 Post-Combination Warrants outstanding.

At Closing, the Company issued Post-Combination Warrants exercisable for 9,000,000 shares of Company Common Stock. The Post-Combination Warrants include: (i) 3,000,000 Post-Combination \$12.50 Warrants; (ii) 3,000,000 Post-Combination \$15.00 Warrants; and (iii) 3,000,000 Post-Combination \$17.50 Warrants. As of March 31, 2023, there were 3,000,000 Post-Combination \$12.50 Warrants, 3,000,000 Post-Combination \$15.00 Warrants, and 3,000,000 Post-Combination \$17.50 Warrants outstanding. The Post-Combination Warrants may only be exercised during the period commencing on the Closing and terminating on the earlier of (i) two years following the date of the Closing and (ii) the redemption date, for a price of \$12.50 per Post-Combination \$12.50 Warrant, \$15.00 per Post-Combination \$15.00 Warrant and \$17.50 per Post-Combination \$17.50 Warrant.

14. SHARE-BASED COMPENSATION

2021 Stock Incentive Plan

Prior to the Business Combination, the Company maintained its 2009 Omnibus Equity Compensation Plan (the “2009 Plan” and together with the 2021 Plan, the “Plans”). Upon Closing of the Business Combination, awards under the 2009 Plan were converted at the exchange ratio calculated in accordance with the Business Combination Agreement and the 2021 Plan became effective. There are 6,007,718 shares of Common Stock authorized for issuance under the 2021 Plan, plus any shares of Common Stock subject to awards under the 2009 Plan that are forfeited or reacquired by the Company due to termination or cancellation. As of March 31, 2023, there were 14,385,619 shares of Common Stock reserved under the Plans.

The following table summarizes share-based compensation expense for the three months ended March 31, 2023 and 2022 (in thousands):

	Three Months Ended March 31,	
	2023	2022
Research and development	\$ 531	\$ 966
Sales and marketing	507	1,083
General and administrative	894	4,474
Cost of sales	7	41
Total share-based compensation	<u>\$ 1,939</u>	<u>\$ 6,564</u>

Common Stock options

The following table sets forth the activity for all stock options:

	Number of Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life (Years)	Weighted- Average Grant Date Fair Value
Outstanding, December 31, 2022	7,812,178	\$ 3.70	6.56	\$ 2.23
Forfeited	(31,523)	2.26	-	1.46
Expired	(14,421)	5.40	-	2.86
Outstanding, March 31, 2023 ^(a)	<u>7,766,234</u>	\$ 3.70	6.32	\$ 1.98
Exercisable, March 31, 2023 ^(b)	<u>4,870,164</u>	\$ 4.03	4.87	\$ 2.12

(a) There was no aggregate intrinsic value of all stock options outstanding as of March 31, 2023.

(b) There was no aggregate intrinsic value of all vested/exercisable stock options as of March 31, 2023.

As of March 31, 2023, there was \$3.9 million of unrecognized compensation expense related to stock options to be recognized over a weighted average period of 2.72 years.

Restricted Stock Units

As part of the consideration in the Business Combination, RSUs with respect to 1,750,000 shares of Common Stock were granted to the participants in Legacy Airspan's MIP. For the RSUs granted to MIP Participants, the weighted average grant date fair value was \$9.75 per share. The RSUs granted in connection with the MIP vested one year after the date of the grant, however, most RSU's vest over three years.

The following table sets forth the activity for all RSUs:

	Number of RSUs	Weighted Average Grant Date Fair Value
Outstanding (nonvested), December 31, 2022	4,267,746	\$ 3.58
Released	(387,204)	5.44
Forfeited	(49,610)	3.07
Outstanding (nonvested), March 31, 2023	3,830,932	\$ 3.41

Because the Company maintained a full valuation allowance on its U.S. deferred tax assets, it did not recognize any tax benefit related to share-based compensation expense for the three months ended March 31, 2023 and 2022. As of March 31, 2023, there was \$10.0 million of unrecognized compensation expense related to RSUs to be recognized over a weighted average period of 1.98 years.

15. LOSS PER SHARE

Loss per share is computed using the weighted average number of shares of Common Stock outstanding less the number of shares subject to repurchase.

The following table sets forth the computation of basic and diluted net loss per share for the periods indicated (in thousands, except share data):

	Three Months Ended March 31,	
	2023	2022
<u>Numerator:</u>		
Net loss	\$ (20,889)	(29,738)
<u>Denominator - basic and diluted:</u>		
Weighted average common shares outstanding	74,473,741	72,335,952
Loss per share - basic and diluted	\$ (0.28)	(0.41)

The following table sets forth the amounts excluded from the computation of diluted net loss per share as of March 31, 2023 and 2022, because their effect was anti-dilutive.

	March 31,	
	2023	2022
Stock options outstanding	7,766,234	6,144,473
Non-vested shares of restricted stock	3,830,932	3,970,385
Warrants ^(a)	21,145,000	21,145,000
Convertible notes ^(a)	9,729,163	9,729,163

(a) The Convertible Notes and warrants referred to in Notes 10 and 13 were also excluded on an as converted basis because their effect would have been anti-dilutive.

16. RELATED PARTY TRANSACTIONS

As disclosed in Note 8, as of March 31, 2023 and December 31, 2022, Legacy Airspan had a Subordinated Term Loan with a related party, who is a shareholder of the Company. This same related party also has an indirect, non-controlling beneficial interest in Fortress, which is the agent and principal lender under the Fortress Credit Agreement and the collateral agent and trustee under the Fortress Convertible Note Agreement and the Convertible Notes. This related party also has an indirect, non-controlling beneficial interest in each holder of Convertible Notes. The Company derived approximately \$0.4 million and \$0.1 million in revenue from sales of products and services to this related party for the three months ended March 31, 2023 and 2022, respectively. There were no receivables from this related party as of March 31, 2023 and December 31, 2022.

The Company has an outstanding receivable from and payable to a related party, a stockholder, amounting to \$0.5 million and \$3.8 million, respectively, as of March 31, 2023. The Company has an outstanding receivable from and payable to a related party, a stockholder, amounting to \$0.4 million and \$5.5 million, respectively, as of December 31, 2022.

In addition, the Company has an outstanding accounts receivable from a separate related party, also a stockholder, amounting to \$8.5 million and \$4.5 million as of March 31, 2023 and December 31, 2022, respectively. The Company derived approximately \$8.7 million and \$7.3 million in revenue from sales of products and services to this related party for the three months ended March 31, 2023 and 2022, respectively. A senior executive at this customer is also a member of the Company's Board of Directors.

The Company derived revenues from sales of products and services to Dense Air Ltd. ("Dense Air") amounting to approximately \$52 thousand for the period from January 1, 2022 through March 7, 2022. As of March 7, 2022, Dense Air ceased to be a related party.

17. EQUITY METHOD INVESTMENT

Prior to March 7, 2022, the Company accounted for its investment in Dense Air, as an equity method investment. Dense Air has been funded by its sole lender through convertible debt with various restrictions and requirements including a conversion option on substantially all of the ownership interest in Dense Air. On March 22, 2021, an investor acquired the sole lender to Dense Air's rights and obligations under a convertible loan agreement and on March 7, 2022 converted the outstanding amount of the loan into shares. The Company retained an approximate 4% holding of Dense Air Networks L.P. This conversion did not have a significant effect on the Company's consolidated balance sheets, statements of operations or cash flows.

There have been no dividends received from Dense Air or Dense Air Networks L.P. for the years ended December 31, 2022 and 2021. The investments had no value at March 31, 2023 and December 31, 2022.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

References to “we,” “us,” “our” or the “Company” after the Closing of the Business Combination are to Airspan Networks Holdings Inc. and its consolidated subsidiaries, and prior to the Closing of the Business Combination are to Legacy Airspan and its consolidated subsidiaries, in each case, except where the context requires otherwise. The following discussion should be read in conjunction with our unaudited condensed financial statements and related notes thereto included elsewhere in this Quarterly Report on Form 10-Q (this “Quarterly Report”).

See the discussion of forward-looking statements and risk factors in Part I Item 1 and Item 1A of this report.

Overview

We are a U.S. headquartered, award-winning technical leader, in the 4G and 5G Radio Access Network (“RAN”) and broadband access solutions market. We offer a broad range of software defined radios, broadband access products and network management software to enable cost-effective deployment and efficient management of mobile, fixed and hybrid wireless networks. Our customers include leading mobile communications service providers (“CSPs”), large enterprises, military communications integrators and internet service providers (“ISPs”) working to deliver high-capability broadband access to numerous markets. Our mission is to disrupt and modernize network total cost of ownership (“TCO”) models. We aim to lower costs for customers throughout the product lifecycle, from procurement through commissioning and ongoing operating costs. We have been pioneering wireless technology for over 20 years and are distinguished by our deep customer relationships, innovative product design capabilities and expertise in solving technical challenges at the network edge, where a device or local network interfaces with the Internet or other networks.

In 4G mobile networks, we established ourselves as an expert in network densification by focusing on solving the problems associated with physically locating, installing and commissioning networks consisting of hundreds of thousands of small cells as an alternative and supplement to macro cell-based networks. Software-defined and cost-optimized radio platforms, self-organizing/optimization algorithms and minimum power consumption have been critical to our 4G business and are expected to be even more critical to the deployment and expansion of new 5G networks. As an early leader in 5G OPEN-RAN standards, we have worked to unbundle the monolithic network architectures previously dominated by large incumbent suppliers such as Telefonaktiebolaget LM Ericsson (“Ericsson”), Huawei Technologies Co., Ltd. (“Huawei”), and Nokia Corporation (“Nokia”). As a foundational member of the 5G ecosystem, we work closely with wireless operators, chipset suppliers and infrastructure vendors around the world on 5G developments, trials, pilots and initial 5G deployments.

We started our business in digital wireless access, primarily voice services, rapidly becoming a leader in high performance wireless data networks. Our acquisition of Mimosa Networks, Inc. (“Mimosa”) in 2018 strengthened our position in the wireless broadband access market. Mimosa’s capabilities and innovation in wireless broadband point-to-point and point-to-multipoint networks strengthened our disruptive position in the mobile 4G/5G network densification space and expanded our existing North American presence with an engineering center in Silicon Valley. Mimosa’s channel-led sales strategy enhances the distribution of our existing products for specific vertical markets, such as private 4G and 5G and applications in citizens broadband radio service (“CBRS”). On March 8, 2023, we entered into a Stock Purchase Agreement to sell the Mimosa business to one of Airspan’s major customers while retaining a reseller arrangement to continue to market and sell the Mimosa products. See Recent Developments section below.

Our main operations are in: Slough, United Kingdom; Mumbai and Bangalore, India; Tokyo, Japan; Airport City, Israel; and Santa Clara, California, and our corporate headquarters is in Boca Raton, Florida.

Recent Developments

Mimosa Sale

On March 8, 2023 (the “Closing Date”), the Company entered into a Stock Purchase Agreement (the “Mimosa Purchase Agreement”) with Airspan Networks Inc., a Delaware corporation and a direct wholly-owned subsidiary of the Company (“Seller”), Mimosa Networks, Inc., a Delaware corporation and a direct wholly-owned subsidiary of Seller (“Mimosa”), and Radisys Corporation, an Oregon corporation (“Buyer”), pursuant to which Seller will sell all of the issued and outstanding shares of common stock of Mimosa to Buyer for an aggregate purchase price of approximately \$60.0 million in cash (subject to customary adjustments as set forth in the Mimosa Purchase Agreement) on the terms and subject to the conditions set forth in the Mimosa Purchase Agreement (the “Mimosa Sale”).

Global Economic Conditions

We have experienced supply chain disruptions and inflationary impacts across our businesses, driven by the impact of the COVID-19 pandemic, the war in Ukraine and resulting economic sanctions, and general macroeconomic factors. These factors have increased our operating costs. While we are taking actions to respond to the supply chain disruptions, inflationary environment, and global demand dynamics, we may not be able to enact these measures in a timely manner, or the measures may not be sufficient to offset the increase in costs, which could have a material adverse impact on our results of operations.

How We Assess the Performance of Our Business

In assessing the performance of our business, we consider a variety of performance and financial measures. The key indicators of the financial condition and operating performance of our business are revenue, cost of revenue, research and development, sales and marketing, general and administrative, interest expense, income taxes and net income. To further help us assess our performance with these key indicators, we use Adjusted EBITDA as a non-GAAP financial measure. We believe Adjusted EBITDA provides useful information to investors and expanded insight to measure our revenue and cost performance as a supplement to our GAAP consolidated financial statements. See the “Non-GAAP Financial Measures” section below for a reconciliation to net income (loss), the most directly comparable GAAP measure.

Revenues

We derive the majority of our revenues from sales of our networking products, with the remaining revenue generated from software licenses and service fees relating to non-recurring engineering, product maintenance contracts and professional services for our products. We sell our products and services to end customers, distributors and resellers. Products and services may be sold separately or in bundled packages.

Our top three customers accounted for 70.5% and 73.1% of revenue for the three months ended March 31, 2023 and 2022, respectively. For the three months ended March 31, 2023 and 2022, the Company had two customers and three customers, respectively, whose revenue was greater than 10% of the quarter’s total revenue.

Our sales outside the U.S. and North America accounted for 82% and 66% of our total revenue in the three months ended March 31, 2023 and 2022, respectively. The following table identifies the percentage of our revenue by customer geographic region in the periods identified.

Geographic Area	Three Months Ended March 31,	
	2023	2022
United States	16%	33%
Other North America	2%	1%
North America	18%	34%
India	35%	22%
Japan	34%	35%
Other Asia	6%	1%
Asia	75%	58%
Europe	5%	2%
Africa and the Middle East	1%	3%
Latin America and the Caribbean	1%	3%
Total revenue	100%	100%

Cost of Revenues

Cost of revenues consists of component and material costs, direct labor costs, warranty costs, royalties, overhead related to manufacture of our products and customer support costs. Our gross margin is affected by changes in our product mix both because our gross margin on software and services is higher than the gross margin on base station related equipment, and because our different product lines generate different margins. In addition, our gross margin is affected by changes in the average selling price of our systems and volume discounts granted to significant customers. The COVID-19 pandemic continues to have an impact with disruptions to our supply chains, which have caused extended component lead times, increased component costs, as well as disruption and increased expenses in logistics. We expect the average selling prices of our existing products to continue to decline and we intend to continue to implement product cost reductions and develop and introduce new products or product enhancements in an effort to maintain or increase our gross margins. Further, we may derive an increasing proportion of our revenue from the sale of our integrated systems through distribution channels. Revenue derived from these sales channels typically carries a lower gross margin than direct sales.

Operating Expenses

Research and Development

Research and development expenses consist primarily of salaries and related costs for personnel and expenses for design, development, testing facilities and equipment depreciation. These expenses also include costs associated with product development efforts, including consulting fees and prototyping costs from initial product concept to manufacture and production as well as sub-contracted development work. We expect to continue to make substantial investments in research and development.

Sales and Marketing

Sales and marketing expenses consist of salaries and related costs for personnel, sales commissions, consulting and agent's fees and expenses for advertising, travel, technical assistance, trade shows, and promotional and demonstration materials. We expect to continue to incur substantial expenditures related to sales and marketing activities.

General and Administrative

General and administrative expenses consist primarily of salaries and related expenses for our personnel, audit, professional and consulting fees and facilities costs.

Restructuring costs

Restructuring costs consist primarily of employee termination benefits.

Non-Operating Expenses

Interest Expense, Net

Interest expense, net consists primarily of interest associated with the Convertible Notes, two subordinated loan facilities and our senior secured credit facility, which consists of a term loan and delayed draw commitment. Interest on the term loan was determined based on the highest of a LIBOR rate, the commercial lending rate of the collateral agent and the federal funds rate, plus an applicable margin. Interest on the delayed draw commitment is based on the LIBOR Rate plus an applicable margin.

Income Tax (Expense) Benefit

Our provision for income tax (expense) benefit includes the expected benefit of all deferred tax assets, including our net operating loss carryforwards. Our net operating loss carryforwards will begin to expire in 2025 and continue to expire through 2037. Our tax (expense) benefit has been impacted by non-deductible expenses, including equity compensation and research and development amortization.

Net Loss

Net loss is determined by subtracting operating and non-operating expenses from revenues.

Non-GAAP Financial Measures

Adjusted EBITDA is defined as net income before depreciation and amortization, interest expense and income taxes, and also adjusted to add back share-based compensation costs, changes in the fair value of the warrant liability and embedded derivatives and one-time costs related to the Business Combination, as these costs are not considered a part of our core business operations and are not an indicator of ongoing, future company performance. We use Adjusted EBITDA to evaluate our performance, both internally and as compared to our peers, because these measures exclude certain items that may not be indicative of our core operating results, as well as items that can vary widely among companies within our industry. For example, share-based compensation costs can be subject to volatility from changes in the market price per share of our Common Stock or variations in the value and number of shares granted.

Adjusted EBITDA is one of the primary metrics used by management to evaluate the financial performance of our business because it excludes, among other things, the effects of certain transactions that are outside the control of management, while other measures can differ significantly depending on long-term strategic decisions regarding capital structure, the jurisdictions in which we operate and capital investments.

We present this non-GAAP financial measure because we believe it is frequently used by analysts, investors and other interested parties to evaluate companies in our industry. Further, we believe it is helpful in highlighting trends in our operating results by focusing on our core operating results and is useful to evaluate our performance in conjunction with our GAAP financial measures. Adjusted EBITDA is a non-GAAP financial measure and should not be considered as an alternative to operating income, net income or earnings per share, as a measure of operating performance, cash flows or as a measure of liquidity. Non-GAAP financial measures are not necessarily calculated the same way by different companies and should not be considered a substitute for or superior to GAAP measures.

In particular, Adjusted EBITDA is subject to certain limitations, including the following:

- Adjusted EBITDA does not reflect interest expense, or the amounts necessary to service interest or principal payments under the Fortress Credit Agreement;
- Adjusted EBITDA does not reflect income tax provision (benefit), and because the payment of taxes is part of our operations, tax provision is a necessary element of our costs and ability to operate;
- Although depreciation and amortization are eliminated in the calculation of Adjusted EBITDA, the assets being depreciated and amortized will often have to be replaced in the future, and Adjusted EBITDA does not reflect any costs of such replacements;
- Adjusted EBITDA does not reflect the non-cash component of share-based compensation;
- Adjusted EBITDA does not reflect the impact of earnings or charges resulting from matters we consider not to be reflective, on a recurring basis, of our ongoing operations; and
- Other companies in our industry may calculate Adjusted EBITDA or similarly titled measures differently than we do, limiting its usefulness as a comparative measure.

We adjust for these limitations by relying primarily on our GAAP results and using Adjusted EBITDA only as supplemental information.

Segments

Our business is organized around one reportable segment, the development and supply of broadband wireless products and technologies. This is based on the objectives of the business and how our chief operating decision maker, the Chief Executive Officer, monitors operating performance and allocates resources.

Results of Operations

The following table summarizes key components of our results of operations for the periods indicated:

	Three Months Ended March 31,	
	2023	2022
Revenues:		
Products and software licenses	\$ 21,210	\$ 33,576
Maintenance, warranty and services	3,563	3,988
Total revenues	24,773	37,564
Cost of revenues:		
Products and software licenses	13,295	24,473
Maintenance, warranty and services	1,131	1,022
Total cost of revenues	14,426	25,495
Gross profit	10,347	12,069
Operating expenses:		
Research and development	14,191	16,521
Sales and marketing	5,682	9,330
General and administrative	7,665	11,158
Amortization of intangibles	189	284
Restructuring costs	260	-
Total operating expenses	27,987	37,293
Loss from operations	(17,640)	(25,224)
Interest expense, net	(4,534)	(4,568)
Change in fair value of warrant liability and derivatives, net	642	457
Other income (expense), net	561	(506)
Loss before income taxes	(20,971)	(29,841)
Income tax benefit	82	103
Net loss	<u>\$ (20,889)</u>	<u>\$ (29,738)</u>

Three Months Ended March 31, 2023 Compared to the Three Months Ended March 31, 2022

Revenues

Revenues for the above periods are presented below:

	Three Months Ended March 31,			
	2023	% of Revenue	2022	% of Revenue
(\$ in thousands)				
Revenues:				
Products and software licenses	\$ 21,210	86%	\$ 33,576	89%
Maintenance, warranty and services	3,563	14%	3,988	11%
Total revenues	<u>\$ 24,773</u>	<u>100%</u>	<u>\$ 37,564</u>	<u>100%</u>

Revenue from products and software licenses of \$21.2 million for the three months ended March 31, 2023 decreased by \$12.4 million from \$33.6 million for the three months ended March 31, 2022. The decrease was due to lower demand for products and software licenses from customers in the US of \$8.2 million, continued component constraints curtailing production for sale of products to customers in Asia Pacific of \$3.0 million and lower sales in both Latin America and the Middle East and Africa of \$0.6 million.

Revenue from maintenance, warranty and services of \$3.6 million for the three months ended March 31, 2023 decreased by \$0.4 million from \$4.0 million for the three months ended March 31, 2022. This decrease was primarily due to lower sales in Asia Pacific of \$0.2 million, lower sales in Middle East and Africa of \$0.2 million and lower sales in the U.S. of \$0.2 million, offset by increased sales in Europe of \$0.2 million.

Cost of Revenues

Cost of revenues for the above periods are presented below:

(\$ in thousands)	Three Months Ended March 31,			
	2023	% of Revenue	2022	% of Revenue
Cost of Revenues:				
Products and software licenses	\$ 13,295	54%	\$ 24,473	65%
Maintenance, warranty and services	1,131	5%	1,022	3%
Total cost of revenues	<u>\$ 14,426</u>	<u>58%</u>	<u>\$ 25,495</u>	<u>68%</u>

Cost of revenues from products and software licenses of \$13.3 million for the three months ended March 31, 2023, decreased by \$11.2 million from \$24.5 million for the three months ended March 31, 2022. This decrease was primarily due to the reduction of revenue. The percentage of revenue decreased as a result of reduced volume of lower margin products together with a reduction of transportation and logistics costs in the three months ended March 31, 2023.

Cost of revenues from maintenance, warranty and services of \$1.1 million for the three months ended March 31, 2023 increased slightly from \$1.0 million for the three months ended March 31, 2022.

Operating Expenses

Operating expenses for the above periods are presented below:

(\$ in thousands)	Three Months Ended March 31,			
	2023	% of Revenue	2022	% of Revenue
Operating expenses:				
Research and development	\$ 14,191	57%	\$ 16,521	44%
Sales and marketing	5,682	23%	9,330	25%
General and administrative	7,665	31%	11,158	29%
Amortization of intangibles	189	1%	284	1%
Restructuring costs	260	1%	-	0%
Total operating expenses	<u>\$ 27,987</u>	<u>113%</u>	<u>\$ 37,293</u>	<u>99%</u>

Research and development—Research and development expenses were \$14.2 million for the three months ended March 31, 2023, a decrease of \$2.3 million from \$16.5 million for the three months ended March 31, 2022. The decrease was primarily due to a reduction of \$2.3 million of headcount-related expenses for the three months ended March 31, 2023.

Sales and marketing—Sales and marketing expenses were \$5.7 million for the three months ended March 31, 2023, a decrease of \$3.6 million from \$9.3 million for the three months ended March 31, 2022, primarily due to reductions in headcount-related expenses of \$2.5 million, lower outside services of \$0.5 million and \$0.6 million of lower share-based compensation expense for the three months ended March 31, 2023.

General and administrative—General and administrative expenses of \$7.7 million for the three months ended March 31, 2023 decreased by \$3.5 million from \$11.2 million for the three months ended March 31, 2022. The decrease was primarily due to \$3.6 million of reduced share-based compensation expense, offset by \$0.1 million of other additional expenses for the three months ended March 31, 2023.

Amortization of intangibles—Amortization of intangibles of \$0.2 million for the three months ended March 31, 2023 decreased slightly from \$0.3 million from the three months ended March 31, 2022.

Restructuring costs - Restructuring costs related to employee termination costs of \$0.3 million for the three months ended March 31, 2023 increased as there were no restructuring costs for the three months ended March 31, 2022. We expect to incur further restructuring costs in 2023.

Non-Operating Expenses

Interest expense, net—Interest expense, net was \$4.5 million for the three months ended March 31, 2023, a decrease of \$0.1 million from \$4.6 million for the three months ended March 31, 2022. The decrease was primarily due to loan amendment fees charged in the three months ended March 31, 2022 that were not charged in the same period in 2023.

Change in fair value of warrant liability and derivatives — Change in fair value of warrant liability and derivatives was a gain of \$0.6 million for the three months ended March 31, 2023, a change of \$0.1 million from a gain of \$0.5 million for the three months ended March 31, 2022.

Other income (expense), net—Other income (expense), net was income of \$0.6 million for the three months ended March 31, 2023, a difference of \$1.1 million from expense of \$0.5 million for the three months ended March 31, 2022. The difference was primarily due to \$1.1 million in foreign currency gains.

Income tax benefit—Income tax benefit was \$0.1 million of a benefit for the three months ended March 31, 2023 and March 31, 2022.

Net Loss

We had a net loss of \$20.9 million for the three months ended March 31, 2023 compared to a net loss of \$29.7 million for the three months ended March 31, 2022, a decrease of \$8.8 million due to the same factors described above.

Non-GAAP Financial Measures

Adjusted EBITDA

Adjusted EBITDA for the three months ended March 31, 2023 was a loss of \$13.8 million, representing a change of \$4.2 million from a loss of \$18.0 million for the three months ended March 31, 2022. The increase in Adjusted EBITDA was primarily due to the decrease in net loss discussed above and certain adjusting items detailed in the table below.

The following table presents the reconciliation of net loss, the most directly comparable GAAP measure, to Adjusted EBITDA:

(\$ in thousands)	Three Months Ended March 31,	
	2023	2022
Net Loss	\$ (20,889)	\$ (29,738)
Adjusted for:		
Interest expense, net	4,534	4,568
Income tax benefit	(82)	(103)
Depreciation and amortization	1,052	1,121
EBITDA	(15,385)	(24,152)
Share-based compensation expense	1,939	6,564
Change in fair value of warrant liability and derivatives	(642)	(457)
Restructuring costs	260	-
Adjusted EBITDA	<u>\$ (13,828)</u>	<u>\$ (18,045)</u>

Liquidity and Capital Resources

In March 2023, Silicon Valley Bank and Signature Bank were closed and taken over by the FDIC, which created significant market disruption and uncertainty for those who bank with those institutions, and which raised significant concern regarding the stability of the banking system in the United States. We do not hold our cash at either of those banks. If the banks and financial institutions at which we hold our cash enter receivership or become insolvent in the future in response to financial conditions affecting the banking system and financial markets, our ability to access our cash and cash equivalents may be threatened and such events could have a material adverse effect on our business and financial condition.

To date, our principal sources of liquidity have been our cash and cash equivalents and cash generated from operations, proceeds from the issuance of long-term debt, preferred and common stock, and the sale of certain receivables. Our capital requirements depend on a number of factors, including sales, the extent of our spending on research and development, expansion of sales and marketing activities and market adoption of our products and services.

We had \$74.4 million of current assets and \$201.7 million of current liabilities as of March 31, 2023. During the three months ended March 31, 2023, we used \$2.4 million in cash flows from operating activities. We are investing heavily in 5G research and development and expect to use cash from operations during the remainder of 2023 to fund research and development activities. Cash on hand and the available borrowing capacity under the Fortress Credit Agreement may not allow us to meet our forecasted cash requirements.

In order to address the need to satisfy the Company's continuing obligations and realize its long-term strategy, management has taken several steps and is considering additional actions to improve its operating and financial results, including the following:

- focusing the Company's efforts to increase sales in additional geographic markets;
- continuing to develop 5G product offerings that will expand the market for the Company's products;
- focusing the Company's efforts to improve days sales outstanding to provide additional liquidity;
- selling the Mimosa business for approximately \$60.0 million; and
- continuing to implement cost reduction initiatives to reduce non-strategic costs in operations and expand the Company's labor force in lower cost geographies, with headcount reductions in higher cost geographies.

There can be no assurance that the above actions will be successful. Without additional financing or capital, the Company's current cash balance would be insufficient to satisfy repayment demands from its lenders if the lenders elect to declare the senior term loan and the senior secured convertible notes due prior to the maturity date. There is no assurance that the new or renegotiated financing will be available, or that if available, will have satisfactory terms. These conditions raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that these financial statements are issued. The accompanying condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result from the outcome of this uncertainty.

Days sales outstanding ("DSO") is a measurement of the time it takes to collect receivables. DSO is calculated by dividing accounts receivable, net as of the end of the quarter by the average daily revenue for the quarter. Average daily revenue for the quarter is calculated by dividing the quarterly revenue by ninety days. All customer accounts are actively managed, and no losses in excess of amounts reserved are currently expected. We also actively evaluate the potential negative impact of COVID-19 on our customers' ability to pay our accounts receivable. DSO can fluctuate due to the timing and nature of contracts, as well as the payment terms of individual customers. DSO was 90 days and 101 days as of March 31, 2023 and December 31, 2022, respectively. The decrease in DSO as of March 31, 2023 is due to higher relative collections in the three months ended March 31, 2023 compared to the three months ended December 31, 2022.

On August 6, 2015, we issued Golden Wayford Limited a \$10.0 million subordinated Convertible Note Promissory Note (the "Golden Wayford Note") pursuant to a subordinated convertible note purchase agreement, also dated August 6, 2015. The Golden Wayford Note, in the amount of \$9.0 million plus interest, matured on June 30, 2020. We were not able to agree to an extended maturity date and the Golden Wayford Note remained outstanding as of March 31, 2023 and in default under the terms of the arrangement. We were granted a limited waiver under the Fortress Credit Agreement which waives each actual and prospective default and event of default existing under the Fortress Credit Agreement directly as a result of the non-payment of the Golden Wayford Note for so long as the Golden Wayford Note remains in effect. The waiver is limited to the actual and prospective defaults under the Fortress Credit Agreement as they existed on December 30, 2020 and not to any other change in facts or circumstances occurring after December 30, 2020. The waiver does not restrict Fortress from exercising any rights or remedies they may have with respect to any other default or event of default under the Fortress Credit Agreement or the related loan documents.

On December 30, 2020, we and certain of our subsidiaries as guarantors, entered into the Fortress Credit Agreement with Fortress. On August 13, 2021, the Company, Legacy Airspan and certain of our subsidiaries who are party to the Fortress Credit Agreement entered into the August 2021 Fortress Amendment to, among other things, add the Company as a guarantor, recognize and account for the Business Combination, recognize and account for the Convertible Notes and provide updated procedures for replacement of LIBOR. On March 29, 2022, the Company, Legacy Airspan and certain of our subsidiaries who are party to the Fortress Credit Agreement entered into the March 2022 Fortress Credit Amendment to, among other things, amend the financial covenants included in the Fortress Credit Agreement. As of March 31, 2023, we were not in compliance with all applicable covenants under the Fortress Credit Agreement and a payment default occurred under the Fortress Credit Agreement. See Note 9 of the notes to the unaudited condensed consolidated financial statements included in this Quarterly Report for further discussion on this agreement.

On August 13, 2021, we closed the business combination transaction (the "Business Combination") pursuant to the business combination agreement (the "Business Combination Agreement"), dated March 8, 2021, by and among the Company, Artemis Merger Sub Corp., a Delaware corporation and wholly-owned direct subsidiary of the Company, and Airspan Networks Inc. (prior to the Business Combination, "Legacy Airspan"). In connection with the closing of the Business Combination, we issued 7,500,000 shares of Common Stock to certain investors that entered into subscription agreements concurrent with the Business Combination, at a price of \$10.00 per share, for aggregate consideration of \$75.0 million, and \$50.0 million in aggregate principal amount of Convertible Notes.

As of March 31, 2023, we were not in compliance with all applicable covenants under the Fortress Convertible Note Purchase Agreement and a payment default occurred under the Fortress Convertible Notes. See Note 10 of the notes to the unaudited condensed consolidated financial statements included in this Quarterly Report for further discussion on this agreement.

As of March 31, 2023, we had commitments with our main subcontract manufacturers under various purchase orders and forecast arrangements of \$77.3 million, the majority of which have expected delivery dates during the remainder of 2023.

As of the date of this Quarterly Report, we do not believe our existing cash resources are sufficient to fund the cash needs of our business for at least the next 12 months.

Cash Flows

The following table summarizes the changes to our cash flows for the periods presented:

<i>(in thousands)</i>	For the Three Months Ended March 31,	
	2023	2022
Statement of Cash Flows Data:		
Net cash used in operating activities	\$ (2,362)	\$ (14,880)
Net cash used in investing activities	(568)	(807)
Net cash used in financing activities	(1,041)	(1,320)
Net decrease in cash, cash equivalents and restricted cash	(3,971)	(17,007)
Cash, cash equivalents and restricted cash, beginning of period	7,287	63,122
Cash, cash equivalents and restricted cash, end of period	<u>\$ 3,316</u>	<u>\$ 46,115</u>

Operating Activities

Net cash used in operating activities was \$2.4 million for the three months ended March 31, 2023, a decrease of \$ 12.5 million from net cash used in operating activities of \$14.9 million for the three months ended March 31, 2022. The decrease is a result of \$9.9 million more generated from working capital and \$8.8 million more from results of our operations and offset by a \$6.2 million decrease in non-cash adjustments.

Investing Activities

Net cash used in investing activities was \$0.6 million for the three months ended March 31, 2023, a decrease of \$0.2 million from \$0.8 million for the three months ended March 31, 2022 due to lower purchases of property and equipment.

Financing Activities

Net cash used in financing activities was \$1.0 million for the three months ended March 31, 2023, which consisted of a repayment of the senior term loan of \$0.9 million and payment for taxes withheld on stock awards of \$0.1 million.

Net cash used in financing activities was \$1.3 million for the three months ended March 31, 2022, which consisted entirely of a repayment of the senior term loan.

Critical Accounting Estimates

The discussion and analysis of our financial condition and results of operations is based upon our unaudited condensed consolidated financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, we evaluate the effectiveness of our estimates and judgments, including those related to revenue recognition, allowance for doubtful accounts, intangible assets, net, impairment of long-lived assets, preferred stock warrants, share-based compensation and income taxes.

We base our estimates and judgments on historical experience and on various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions and may change as future events occur.

Critical accounting policies are those policies that management believes are very important to the portrayal of our financial position and results of operations, and that require management to make estimates that are difficult, subjective or otherwise complex. Our critical accounting policies and estimates disclosed in “*Management’s Discussion and Analysis of Financial Condition and Results of Operations - Critical Accounting Estimates*” in our Annual Report on Form 10-K for the year ended December 31, 2022, for which there were no material changes during the three months ended March 31, 2023, included the following:

- Goodwill;
- Share-based compensation;
- Revenue recognition; and
- Convertible Notes.

Recent Accounting Pronouncements

Refer to Note 2 of our unaudited condensed consolidated financial statements included in this Quarterly Report for further information on recent accounting pronouncements.

JOBS Act

The Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”) contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We qualify as an “emerging growth company” and under the JOBS Act are allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, the financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we have chosen to rely on certain reduced reporting requirements applicable to emerging growth companies, including, among other things, that we are not required to (i) provide an auditor’s attestation report on our system of internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (auditor discussion and analysis) and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the Chief Executive Officer’s compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of NBA’s initial public offering or until we are no longer an “emerging growth company,” whichever is earlier.

We will remain an “emerging growth company” under the JOBS Act until the earliest of: (i) the last day of the fiscal year (a) following the fifth anniversary of the closing of NBA’s initial public offering, (b) in which we have total annual gross revenue of at least \$1.235 billion, or (c) when we are deemed to be a “large accelerated filer” under the Exchange Act, which would occur if the market value of our common equity held by non-affiliates exceeds \$700.0 million as of the last business day of our most recently completed second fiscal quarter; or (ii) the date on which we have issued more than \$1.0 billion in non-convertible debt securities during the prior three-year period.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are a smaller reporting company as defined in Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

Item 4. Controls and Procedures*Evaluation of Disclosure Controls and Procedures*

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed by us in our Exchange Act reports is recorded, processed, summarized, and reported, within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Exchange Act), as of March 31, 2023. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of that date, our disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

There was no change in our internal controls over financial reporting that occurred during the quarter ended March 31, 2023, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

Reference is made to Note 12 – Commitments and Contingencies in the notes to the unaudited condensed consolidated financial statements contained elsewhere in this Quarterly Report for information regarding certain litigation to which we are a party.

Item 1A. Risk Factors

There have been no material changes from the risk factors disclosed in Item 1A of our Annual Report on Form 10–K for the year ended December 31, 2022.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Not applicable.

Item 3. Defaults Upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosure

Not applicable.

Item 5. Other Information.

NYSE American MIMO WS Notification

On May 4, 2023, NYSE American LLC (the “NYSE American”) provided a written notice to the Company that the Company’s warrants, each exercisable for one share of the Company’s common stock at an exercise price of \$11.50 per share, with a ticker symbol MIMO WS (the “Warrants”), had traded at sub-penny levels and, as a result, could be subject to suspension or delisting pursuant to Section 1001 of the NYSE American Company Guide. NYSE American will continue to monitor the trading price of the Warrants. The notification has no immediate effect on the listing or trading of the Warrants on the NYSE American.

Item 6. Exhibits.

The following exhibits are filed as part of, or incorporated by reference into, this Quarterly Report.

Exhibit Number	Description
2.1	<u>Stock Purchase Agreement, dated as of March 8, 2023, by and among Airspan Networks Holdings Inc, Airspan Networks Inc., Mimosa Networks, Inc., and Radisys Corporation (incorporated by reference to Exhibit 2.1 to our Current Report on Form 8-K filed with the SEC on March 9, 2023)</u>
31.1	<u>Certification of Principal Executive Officer pursuant to Rule 13a-14(a) and Rule 15d-14(a) under the Securities Exchange Act of 1934, as amended, as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.</u>
31.2	<u>Certification of Principal Financial Officer pursuant to Rule 13a-14(a) and Rule 15d-14(a) under the Securities Exchange Act of 1934, as amended, as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.</u>

Name: Eric Stonestrom

Title: Chief Executive Officer
(Principal Executive Officer)

By: /s/ David Brant

Name: David Brant

Title: Senior Vice President and Chief Financial Officer
(Principal Financial and Accounting Officer)

**CERTIFICATION PURSUANT TO
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Eric Stonestrom, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Airspan Networks Holdings Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
